DRIVING THE FUTURE OF AUTOMOTIVE PAINTS

Pioneering Advanced Paint Manufacturing in Asia

Based in Malaysia, the Corium facility is an advanced paint manufacturer in Asia. Planned from the ground up to utilise the latest process methodologies, we worked with leading engineers from around the globe to create not only the most efficient but also the most eco-friendly way to manufacture automotive paints.

FAST FACTS

-  Founded in 2019
-  Serving Malaysia & Global Market
-  Advanced eco-friendly facility
-  Focused on OEM+Auto Refinish

Welcome to Corium

Corium is a leading automotive coatings company with a passion for technology. We have grown to become one of Malaysia's largest producers of advanced paint systems. Our focus is on high-performance transportation coatings and green technologies.

A focus on precision

We believe that by focusing on the control of every aspect of the production process and the constant R&D of color formulas, we can deliver higher-quality, more consistent coatings—both now and into the future. All of our processes exceed international standards, with distribution and exports throughout most Asian countries.
